Technical project manager and full-stack developer. I plan, build and run live products in market data, car rental, investing media, trading and small-business operations. Bachelor of Applied Finance.

WORK EXPERIENCE

Mar 2026 - Present
Remote (US)

Project Manager
Tạp Chí Phố Wall (TCPW)
- Lead 16 products and services for the publication, including the options, macro and interest-rate tools on its website.
- Built Steve AI, a Vietnamese finance assistant that answers from 909 videos and 608 articles and cites its sources.
- Traced 93% of a server account's traffic to one retry bug and cut it from 720 to at most 12 requests an hour per tab.

2025 - Present
Remote

Technical Manager
Rocket Group (Rocket Car Rentals, Rocket Invest)
- Run a car-rental booking website in 29 languages and a 66-page staff console for fleet, bookings and finance.
- Shipped card payments through payment links and the customer iOS app, live on the App Store since November 2026.
- Launched Rocket Invest in public preview: an investing publication with a members' paywall and a market-data desk.

2026 - Present
Ho Chi Minh City, Vietnam

Freelance Full-Stack Developer
Self-employed
- Delivered software for four small businesses: UV printing, textile production, a homestay and contract management.
- eazy.custom: orders, production, stock and double-entry books in one app, plus the workshop's online store.

2026
Ho Chi Minh City, Vietnam

Financial Modelling Contributor (Project-based)
Golden Sunrise (senior-care start-up)
- Contributed a 22-sheet financial model (about 6,800 formulas) that supported a successful US$150,000 fundraising round.
- Built later valuation models: comparables, LBO and scenarios.

2023 - Present
Ho Chi Minh City, Vietnam

Founder
Prospire Capital (own products)
- Rocket Portfolio: one view of Binance and Bybit accounts, with a grid bot behind order switches that stay off by default.
- Millesona: about 1,000 census-based personas answer a question; every figure comes with its range.

EDUCATION

2023 - 2026
Sydney, Australia

Bachelor of Applied Finance
Western Sydney University · GPA 3.0 / 4.0

CERTIFICATIONS

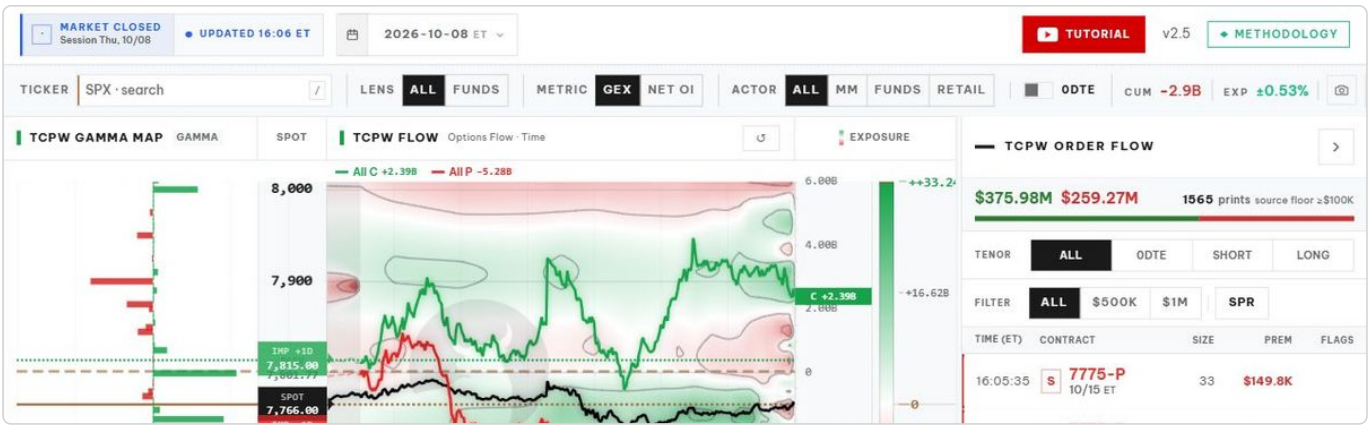
Google AI Professional Certificate
CFA Level I and II curriculum (self-study)

LANGUAGES

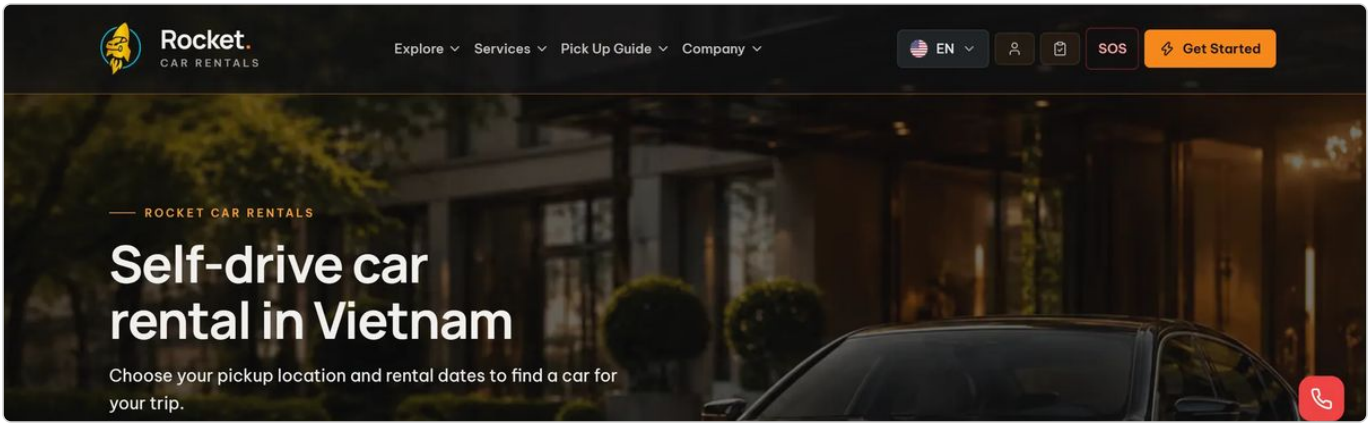
Vietnamese (Native)
English (Professional working proficiency)

Selected work

Screens from the products. Case studies and notes: kittran.vercel.app/career/projects

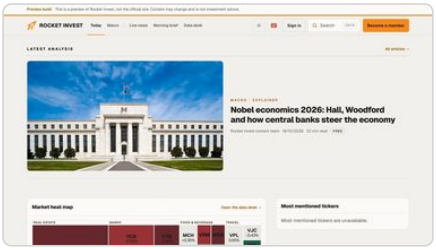


Tạp Chí Phố Wall
Market-data tools and an AI research assistant for a Vietnamese finance publication.

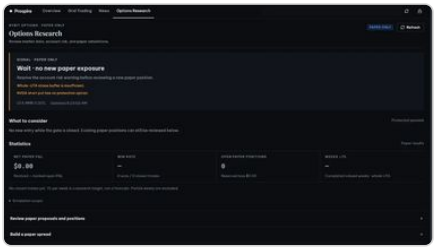


Rocket Car Rentals
Booking site in 29 languages, staff console, card payments and an iOS app.

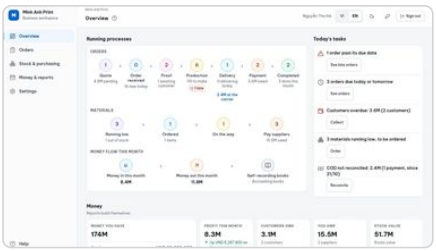
Millesona
Ask 1,000 simulated Vietnamese people a question and read every answer with its range.



Rocket Invest
Investing publication in public preview: research, a members' paywall and a market-data desk.



Rocket Portfolio
One view of Binance and Bybit accounts, with a grid-trading bot whose order switches stay off by default.



eazy.custom
Orders, production, stock and double-entry books for a UV-printing workshop, plus its online store.

Mộc Village Homestay
Booking site in 8 languages, staff back office and café site for a Da Nang homestay.

Golden Sunrise
A 22-sheet financial model for a senior-care start-up that supported a US$150,000 raise.
